¹ Data also reflect professional and technical services.

² Insurance imports are defined as the difference between premiums paid to foreign insurers and claims received by U.S. policy-holders. Imports are entered as credits on the balance of payments when claims received by U.S. policy-holders exceed premiums paid to foreign insurers.

³ Not a meaningful number.

⁴ Includes intracorporate transactions, i.e., U.S. parent firms' payments to foreign-based affiliates, and U.S.-based affiliates' payments to foreign parent firms. Also includes earnings of foreign residents who are employed temporarily in the United States.
